YOUR RELIABLE PARTNER FOR SHIPMENTS TO IRAQ

July, 10th, 2014 NEWSLETTER

Dear Clients, Partners and Friends,

Below you will find the 9th Newsletter (Newsflash) for this year informing you briefly about the current security situation in Iraq:

I.) Suspension of Cargo Flights to KRG

Due to a decision of the Iraqi Aviation Authorities, all cargo flights to Erbil and Suleimaniyah airport are suspended with immediate notice. So far passenger flights are still possible. As soon as cargo flights are allowed again, we will inform you accordingly.

and re-routed. We recommend not to ship any goods via Trebil at this moment. There is already a backlog of Iraq cargo at Aqaba port. We expect that this backlog will increase in the next couple of days/weeks. Furthermore please note that it is seriously difficult to have Iraqi driver`s as well as trucks available for the transport.

II.) Fuel surcharge

Due to a shortage of fuel all over the country, fuel prices has increased tremendously. Therefore on certain routs fuel surcharges are applicable with immediate effect.

New Port Tariff for Containers via Aqaba:

ACT has implemented a new tariff for the storage of containers at Aqaba port. Please see below the new and the old charges for a better comparison:

Free days: 7 – no changes

Storage period in JOD	20' (Old)	20' (new)	40' (old)	40' (new)
From day 8-14 – days per day	5.00	5.00	10.00	10.00
From day 15-21 days per day	10.00	20.00	20.00	40.00
Thereafter per day	20.00	40.00	40.00	80.00

III.) Border situation

Turkish / Iraqi border (Ibrahim Khalil border)
 The border is operating normally without any major delays. We have noticed some additional security measures and more detailed truck and cargo inspection but so far deliveries to the KRG region are running well almost without delays. However, there is a backlog of cargo destined to central Iraq which needs to be stored at Zakho currently due to the closing of the transit routes.

In addition ACT has implemented higher charges for THC, therefore the shipping lines have implemented a surcharge such as:

- 20 Foot Container: USD 70 / container
- 40 Foot Container: USD 100 / container

Jordan / Iraqi border (Trebil)

Unfortunately, there are no clear information available for this border point. We were informed that trucks are being stopped by armed forces for inspection. It has also been reported that cargo has been confiscated

This surcharge is applicable for local Jordan cargo but also for transit cargo.

Syrian / Iraqi border (Al Waleed)

We are not offering any services via this border point
