Jan 17th, 2018 NEWSLETTER

Dear Clients, Partners and Friends,

We are pleased to update you on the current situation in Iraq as follows:

First of all, we wish you a HAPPY NEW YEAR 2018 and would like to thank you for the cooperation and your confidence in our service.

1. Latest News

► New Port Tariff

The Iraqi Port Authority has published a new Port tariff. The new tariff is effective from 1st Jan 2018. Most of the charges for the cargo handling as well as the Vessel handling have been increased. Please contact us if you wish to receive a copy of the new tariff.

► Mosul region

After the liberation of Mosul the Routes towards Mosul are open again. End of December we transported the first goods to Mosul. The preferred route from e.g. Basra is via Nassiriya, Taji, Samara , Tikrit , Bajai , Hamm AL Aleel to Mosul. The route via Kirkuk towards Mosul is not recommended from our point of view.

► Renewal of DEL & TEL

As already reported, Iraqi customs Authorities require a new Duty and Tax Exemption for 2018. Please liaise with your Iraqi client to obtain a new Duty and Tax Exemption from the Ministry of Finance.

It's not yet sure if a Duty and Tax Exemption will be granted for contracts signed in 2018. This is related to the new Iraqi budget which has not yet been approved by the Iraqi Parliament.

► Customs Tariff

General Customs Authorities published a new customs tariff which is not fully in force yet. However, the percentage for duties has been raised. Please contact us if you wish to receive more details.

3. Border situation

Turkish/Iraqi border

Security situation is stable. Border gates are open. The waiting times are around 2-4 days. Still there is the possibility that the border gates might be closed fully for a certain time period.

► Jordanian/Iraqi border

The border gates are open. Operation is running smoothly. Mainly goods such as foodstuff and local Jordanian Products are imported through this gateway for the time being.

► Saudi Arabian/Iraqi border

The border gates are open. As per now no obstacles are registered.

4. Airfreight

General Situation

The closure of all airports at KRG region for international flights has been extended until Feb 28th 2018. Therefore it's not possible to ship any goods by air to e.g. Erbil or Suleimaniyah on direct international flights. This situation is affecting the capacities for freight heading to Baghdad airport.

Large shipments booked with any priority service take one week or more. We highly recommend to advise your shipment as early as possible once the estimated shipping date is available to ensure the earliest dispatch.
